COURSEWORK / SKILLS

- Data Structures & Algorithms
- Operating Systems
- Database Management
- System (DBMS)
- OOPS Concept
- Web Development

PROJECTS

Netflix-GPT 📄 | [React](#), [TailwindCSS](#), [Redux](#)

2024

- Developed a React-based Netflix-GPT application with TailwindCSS for styling and Firebase for authentication.
- Integrated TMDB and OpenAI APIs to provide GPT-powered movie search and real-time movie data.
- Managed state with Redux, ensured responsive design across devices, and deployed the app on Netlify.

Chat-AI 📄 | [React](#), [TailwindCSS](#)

2024

- Developed a React application with TailwindCSS for styling and a responsive user interface.
- Integrated Axios for API requests to the Google Generative AI API, enabling dynamic content generation.
- Utilized ReactMarkdown to render and style Markdown content, enhancing text presentation.

INTERNSHIP

Oasis Infobyte 📄

15/02/2024 – 20/03/2024

Intern

- *** Web Development and Designing:** Focused on creating responsive designs and UX/UI principles to enhance user experience.

CodXo 📄

15/06/2024 – 15/07/2024

Intern
